

SALEM VAMC POST-GRADUATE NURSE PRACTITIONER PRIMARY CARE AND MENTAL HEALTH RESIDENCY PROGRAMS

The Salem Veterans Affairs Health Care System provides two nurse practitioner residency programs.

The purpose of the residency programs is to provide Board Certified NP's (AGNP, FNP or PMHNP) training to become specialists in providing primary or mental health care to Veterans with diverse health care needs.

Participants in the program will:

- Gain experience in managing veterans primary and mental health care and complex health conditions
- Refine critical thinking and diagnostic skills
- Work with mentors and interprofessional teams
- Impact the well-being of veterans and their families by providing high quality care
- Have a supportive transition to practice upon graduation

Salary and Benefits

Benefits:

- Health Insurance, dental, vision
- 10 paid federal holidays
- 4 hours of annual leave and 4 hours of sick leave accrued each bi-weekly
- Option for Direct Hire upon successful completion of the residency at any VA with posted job vacancies.

The salary and benefit package is defined by the VA Office of Academic Affiliations (OAA).
